The George Washington University
Department of Statistics

STAT 4157-11
FALL 2016

Classes: Mondays and Wednesdays
Meeting Time: 6:10 PM - 7:25 PM
Classroom: SEH 7040

Instructor: Dr. Srinivasan Balaji
Office address: Room 767, Rome Hall
Telephone: (202) 994-3383
Email: balaji@gwu.edu
Office hours: 4:00-6:00 on Wednesdays and by appointment

Teaching Assistant: Xiang Shen, Masters’ degree candidate
Telephone: (202) 431-0261
Email: xiangshen@gwu.edu

Scope: Probability is presented as a mathematical foundation for statistical inference. All the basics of probability theory are presented: sample spaces, axioms, random variables, discrete and continuous distributions and joint distributions.

Prerequisites: An introductory course in Statistics and/or probability can be helpful, but is not required. Familiarity with integral and differential calculus is assumed. For example, I expect everyone in the class to know \( \int x^6 \, dx \), \( \int e^{-x} \, dx \), \( \int \ln x \, dx \). Competence in basic algebra is expected, for example extraction of roots of equations of the second and third degree equations and accurate manipulation of algebraic expressions are assumed to be in your background.

Topics: Combinatory and calculus based introduction to statistics and probability, axioms, combinatorial probability, Bayes’ rule, random variables, discrete distributions (Bernoulli, uniform, binomial, geometric, Poisson) and continuous distributions (uniform, exponential, gamma, normal, beta), expectation and variance, moment generating functions, probability inequalities, joint distributions. Basically we shall cover the first four chapters of the textbook and a selection of topics from chapters 5 and 6.
Learning outcomes

As a result of completing this course, students will be able to:

1. Make probabilistic arguments.
2. Formulate probabilistic models for science, engineering, economics, public policy and many other areas of application.
3. Have a global overview of the interplay between probability and statistics.

Grading Policy

Midterm Exam (25%)
Final Exam (25%)
4 Quizzes (5% each)
Homework Assignment (25%)
Pop Quizzes – 5%

Class Policy: Late work will not be accepted. No Make-up exams except for medical cases.

Blackboard: Communication will be through blackboard. Will send you an email after I post any new materials in the blackboard.

Academic Integrity: I support the GW Code of Academic Integrity. It states: “Academic dishonesty is defined as cheating of any kind, including misrepresenting one's own work, taking credit for the work of others without crediting them and without appropriate authorization, and the fabrication of information.” For the remainder of the code, see:

http://www.gwu.edu/~ntegrity/code.html

Any case of the slightest hint of cheating will be prosecuted to the fullest extent of the university Academic Integrity Policy. You will receive an automatic F, and the case will be taken to the proper administrative channels.

Support for students outside the classroom

DISABILITY SUPPORT SERVICES (DSS)

Any student who may need an accommodation based on the potential impact of a disability should contact the Disability Support Services office at 202-994-8250 in the Marvin Center, Suite 242, to establish eligibility and to coordinate reasonable accommodations. For additional information please refer to:

http://gwired.gwu.edu/dss/

UNIVERSITY COUNSELING CENTER (UCC) 202-994-5300

The University Counseling Center (UCC) offers 24/7 assistance and referral to address students' personal, social, career, and study skills problems. Services for students include:

• crisis and emergency mental health consultations
• confidential assessment, counseling services (individual and small group), and referrals

See http://gwired.gwu.edu/counsel/CounselingServices/AcademicSupportServices

Security

In the case of an emergency, if at all possible, the class should shelter in place. If the building that the class is in is affected, follow the evacuation procedures for the building. After evacuation, seek shelter at a predetermined rendezvous location.
