Statistics 6289
Statistical Genetics
Spring 2012

Instructor: Zhaohai Li
Office: Rome Hall, Room 555
Office phone: 202-994-7844
Office hours: Wednesday: 5:00pm-6:00pm and Thursday: 10:30am -11:30am
Email: zli@gwu.edu

There are three aims in this course: 1) to provide an introduction of quantitative genetics for students without any genetics knowledge; 2) to give a rigorous statistical treatment of some genetic problems for students without probability and statistics background; 3) to introduce some current research topics in statistical methods for genetic analysis.

Learning Objectives and Outcomes

As a result of completing this course, students will be able to:

Understand theory of population genetics and mendelian genetics;

Understand Hardy-Weinberg equilibrium and linkage disequilibrium;

Use software either R or SAS to perform linkage analysis and association analysis;

Read current research in statistical genetics.

Grading

The course grade will be based on homework, a midterm exam and a final as follows:

40% home work, 30% midterm, 30% final exam.
Computing

Statistical Packages: You will need to use a statistical package in order to perform most of the statistical analyses covered in this course. *We will focus on R and SAS.* A brief introduction to the SAS package can be found at [http://www-unix.oit.umass.edu/~statdata/software/handouts/sas_online/](http://www-unix.oit.umass.edu/~statdata/software/handouts/sas_online/). R is a freeware that we will use extensively in this course. A basic tutorial can be found at [http://www.math.ilstu.edu/dhkim/Rstuff/Rtutor.html](http://www.math.ilstu.edu/dhkim/Rstuff/Rtutor.html) and a more advanced at [http://zoonek2.free.fr/UNIX/48_R/all.html](http://zoonek2.free.fr/UNIX/48_R/all.html).

Class Attendance: It is important that you attend the class. You are responsible for any materials covered or any announcements made in class, even if you are not present.

University Policy on Religious Holidays:
1. Students should notify faculty during the first week of the semester of their intention to be absent from class on their day(s) of religious observance;
2. Faculty should extend to these students the courtesy of absence without penalty on such occasions, including permission to make up examinations;
3. Faculty who intend to observe a religious holiday should arrange at the beginning of the semester to reschedule missed classes or to make other provisions for their course-related activities

[NOTE: for other university policies on teaching, see [http://www.gwu.edu/~academic/Teaching/main.htm](http://www.gwu.edu/~academic/Teaching/main.htm) ]

ACADEMIC INTEGRITY
I personally support the GW Code of Academic Integrity. It states: “Academic dishonesty is defined as cheating of any kind, including misrepresenting one's own work, taking credit for the work of others without crediting them and without appropriate authorization, and the fabrication of information.” For the remainder of the code, see: [http://www.gwu.edu/~ntegrity/code.html](http://www.gwu.edu/~ntegrity/code.html)

SUPPORT FOR STUDENTS OUTSIDE THE CLASSROOM

**DISABILITY SUPPORT SERVICES (DSS)**
Any student who may need an accommodation based on the potential impact of a disability should contact the Disability Support Services office at 202-994-8250 in the Marvin Center, Suite 242, to establish eligibility and to coordinate reasonable accommodations. For additional information please refer to: [http://gwired.gwu.edu/dss/](http://gwired.gwu.edu/dss/)

**UNIVERSITY COUNSELING CENTER (UCC) 202-994-5300** The University Counseling Center (UCC) offers 24/7 assistance and referral to address students' personal, social, career, and study skills problems. Services for students include:
- crisis and emergency mental health consultations
- confidential assessment, counseling services (individual and small group), and referrals

SECURITY
In the case of an emergency, if at all possible, the class should shelter in place. If the building that the class is in is affected, follow the evacuation procedures for the building. After evacuation, seek shelter at a predetermined rendezvous location.

Emergency Preparedness and Response at The George Washington University

Syllabus Information for Your Students

To Report an Emergency or Suspicious Activity
Call the University Police Department at 202-994-6111 (Foggy Bottom) or 202-242-6111 (Mount Vernon).

Shelter in Place
Although it is unlikely that we will ever need to shelter in place, it is helpful to know what to do just in case. No matter where you are, the basic steps of shelter in place will generally remain the same.

- If you are inside, stay where you are unless the building you are in is affected. If it is affected, you should evacuate. If you are outdoors, proceed into the closest building or follow instructions from emergency personnel on the scene.
- Locate an interior room to shelter inside. If possible, it should be above ground level and have the fewest number of windows. If sheltering in a room with windows, move away from the windows. If there is a large group of people inside a particular building, several rooms maybe necessary.
- Shut and lock all windows (tighter seal) and close exterior doors.
- Turn off air conditioners, heaters, and fans. Close vents to ventilation systems as you are able. (University staff will turn off ventilation as quickly as possible).
- Make a list of the people with you and ask someone to call the list in to UPD so they know where you are sheltering. If only students are present, one of the students should call in the list.
- Await further instructions. If possible, visit Campus Advisories for incident updates (http://CampusAdvisories.gwu.edu) or call the GW Information Line 202-994-5050.
- Make yourself comfortable and look after one other. You will get word as soon as it is safe to come out.

Evacuation
An evacuation will be considered if the building we are in is affected or we must move to a location of greater safety. We will always evacuate if the fire alarm sounds. In the event of an evacuation, please gather your personal belongings quickly (purse, keys, GWorld card, etc.) and proceed to the
nearest exit. Do not use the elevator. Once you have evacuated the building, proceed to our primary rendezvous location.

**Alert DC**
Alert DC provides free notification by e-mail or text message during an emergency. Visit Campus Advisories for a link and instructions on how to sign up for alerts pertaining to GW.

**Emergency Information**
Additional emergency information may be obtained by visiting the Campus Advisories webpage ([http://CampusAdvisories.gwu.edu](http://CampusAdvisories.gwu.edu)) or calling the GW Information Line at 202-994-5050.
